WAR DEPARTMENT
OFFICE OF THE CHIEF SIGNAL OFFICER
WASHINGTON

November 16, 1937

Mr. Kermit Geary,
R.F.D. 2,
Walnutport, Penna.

Dear Mr. Geary:

Your letter of November twelfth received. We appreciate very much your report on the reception of the transmission of the annual Armistice Day Message by WLM.

The message was sent at the speed of fifteen words per minute at the seven PM transmission and at fifteen and twenty five words at ten PM. Your copy is correct in every detail.

The transmission by WLM was sent with automatic equipment keying two transmitters simultaneously on the frequencies 3497.5 and 6990 kcs. The transmitter on 3497.5 kcs. was operated with an input of five hundred watts; the transmitter on 6990 kcs. with an input of nine hundred watts.

Very truly yours,

S. P. Collins,
Capt. (FA) Sig. C.,
Liaison Officer, AARS.
